

Opening The Doors Of Perception The Key To Cosmic Awareness By Anthony Peake

"Pressestimmen This book not only opens the doors to perception, its careful attention to scholarship and exceptional intellectual clarity throws them wide open.--**Whitley Strieber, Author of *Communion* and co-Author with Dr. Jeffrey Kripal of *Super Natural: a New Vision of the Unexplained*** Anthony Peake's fascinating book explores the underlying nature of consciousness as it is revealed through various syndromes and disorders. The book combines scientific evidence with philosophical inquiry in an elegant way, posing deep questions about what we experience as reality. A great read!--**Daniel Pinchbeck, author of *How Soon is Now?* and *Breaking Open the Head*** In this deeply insightful book, Peake discusses the neurological, neurochemical, physiological and psychological correlations between pathological conditions and anomalous states of consciousness that are often associated with these conditions. Peake draws attention to commonalities between some of these conditions in regards to how they are linked on the spectrum of consciousness and highlights that a renewed perspective on consciousness could remove the seemingly 'paranormal' labels given to anomalous states. More importantly, it gives us a deeper understanding of pathological conditions such as epilepsy, migraine and schizophrenia and provides us with insight into how to develop potential therapeutic strategies for those who live with these conditions.--**Dr Penny Sartori, author of *The Wisdom of Near-Death Experiences*** Anthony Peake is engaged in one of the most important strands of ontological inquiry of modern times, unravelling the Gordian Knot that is the mystery of our existence. Boldly researched, patiently detailed and with clearly explained examples of 'experience anomalies', this book underpins his non-mystical model of immortality, showing how our bi-cameral brains might interface with the universal Pleroma.--**Bob Rickard, Founder Editor of *Fortean Times*** Über den Autor und weitere Mitwirkende **Anthony Peake** is the author of bestselling titles *The Out-of-Body Experience* and *The Infinite Mindfield*. He is a member of the International Association for the Study of Dreams, The Scientific & Medical Network and the Society for Psychical Research. In January 2011 he was offered, and accepted, a research fellowship at the Giordano Bruno Global Shift University. In August 2011 he was listed as one of the 200 'Visionaries' for the 21st century. He has been interviewed in, or written articles for, many magazines, including *Kindred Spirit*, *Mindscape*, *Odyssey*, *New Dawn*, *PKD Otaku* and *Paranormal*. His work was also featured in the *Fortean Times Paranormal Handbook*." anthony peake author of opening the doors of perception. anthony peake opening the doors of perception. new illuminati how to open the doors of perception at. opening the doors of perception the key to cosmic. opening the doors of perception the doors songs. the doors perception lyrics and tracklist genius. the doors of perception project gutenber self. open the doors of perception from hallucinations to simulations with anthony peake. the doors perception releases reviews credits discogs. how to open the doors of perception at will without. opening the doors of perception choosing to be present. how to open the doors of perception at will without. opening the doors of perception the key to cosmic. a key to the doors of perception the evolution and. podcast opening the doors
